Welcome to 140 Nolancrest Green NW â€” a meticulously maintained and extensively upgraded home in potentially better-than-new condition, offering modern comfort, unbeatable functionality, and stunning natural surroundings. Built to the latest Alberta building code with thoughtful attention to detail, this is not your average Nolan Hill home.

The walkout basement opens to an exposed aggregate patio, while the full-width upper deck includes privacy panels and a gas line for your BBQ â€” ideal for entertaining or relaxing in peace.

This home includes every builder upgrade plus custom additions by the original owners. Features include triple pane windows, a hot water recirculating pump, HRV system, sump pump, sewer backflow valve, water softener, under sink water filtration, energy-efficient LED lighting throughout, and a brand-new roof and eavestroughs. The oversized 24-foot deep garage was built to accommodate even a full-size truck with room to spare.

Step inside to a spacious mudroom with custom built-in wardrobe and direct access to

a walk-through pantry. The open-concept main floor offers a welcoming family room with gas fireplace, formal dining area leading to the deck, and a beautifully appointed kitchen with espresso oak cabinetry, large island, and abundant counter and storage space. A dedicated main floor office and stylish two-piece powder room complete this level.

Upstairs, the central bonus room features a solar tube skylight and separates the primary suite from the secondary bedrooms for added privacy. The spacious primary retreat offers spectacular views, a four-piece ensuite, and a walk-in closet. At the front of the home, two matching bedrooms share another four-piece bathroom, and the upper floor also includes a convenient laundry room.
